Dear John

I wanted to thank you very much for the Salsa lesson which you put on for our Staff Development Day. Everyone thoroughly enjoyed it and it fulfilled our objectives of staff learning a new skill; working together as a group and each working with every other team member throughout the session – as well as having FUN!

We all think your idea of taking Salsa into homes and community support centres for the elderly, mentally ill, etc. would be excellent and we are sure that the benefits of (gentle?) exercise, learning routines with repetition, etc., would be stimulating and of benefit to many, and we wish you luck with that venture.

Once again, thank you for a fun session.

Yours sincerely
